

LET'S JAZZ !!!

JAZZINEC = Festival with superb feeling

– that is the most common description by both visitors and musicians.

Jazzinec is one of the most progressive festivals in the country. Its dramaturgy is not bound by a specific style or age group, but offers the widest possible range of faces of jazz – swing, be-bop, fusion, funky, nu-jazz, electronic jazz, blues, latin or world music. The aim is to show everything from the roots to brand new offshoots. All generations of musicians share the stage – to begin with newcomers, including fierce young generation, and jazz seniors, too.

Jazzinec Festival takes place in Trutnov city and Grund Resort is proud to be a partner of this unique event.
